

GeoNode - Content Management System für Geodaten, Verwalten und Publizieren von Geodaten leicht gemacht?

(Volker Grescho)

GeoNode Component Architecture

The screenshot shows the GeoNode website interface. At the top, there is a navigation bar with the GeoNode logo and menu items: Daten, Karten, Apps, and Über. A search bar with the text 'Suchen' and a user profile for 'Volker Grescho' are also visible. The main content area features a large blue header with the text 'Welcome' and a sub-header 'GeoNode is an open source platform for sharing geospatial data and maps.' Below this is a button labeled 'Erste Schritte »'. The next section is a dark grey area with the heading 'Daten suchen.' and a search bar containing 'Suchen'. Below the search bar is a link for 'Erweiterte Suche'. The bottom section is light grey and displays two statistics: '34 Ebenen' with a diamond icon and '3 Karten' with a location pin icon. At the very bottom, there is a line of text: 'Hier können Sie nach Geodaten suchen, die von anderen Benutzern, Die Daten sind zum durchsuchen, verschneiden und stylen verfügbar'.
